

Executive Director Hume Health Service Partnership

- **Newly created leadership role**
- **Exciting opportunity to drive transformation and change**
- **Shepparton based**

The Hume Health Service Partnership (HSP) is one of five rural collaborations in Victoria and is comprised of public health services and hospitals in the Hume region. The Hume HSP has been formed to establish a more systematic and integrated approach to delivering health and hospital services across the partnership members in areas such as home-based care, virtual care and equitable access to elective surgery as well as deferred care resulting from the impact of the COVID-19 pandemic. This newly created executive role will lead the work of the Hume HSP and work to ensure it achieves its ambition of enhanced collaboration across the region to deliver integrated health care services within the Hume HSP organisations in a range of clinical areas.

The Executive Director (ED) of the Hume HSP will report to the Hume HSP Chair and be accountable to the Hume HSP CEO Forum. The ED Hume HSP will manage overall partnership design, scope, outcomes and relationships with internal and external partners. The ED Hume HSP will also provide strong leadership and direction to the executive teams at each health service site on all partnership related design and delivery. This role will manage partnership associated risks, issues and scope within the evolving Hume HSP Governance Structure ensuring appropriate reporting, escalation and approvals. They will have accountability for the Hume HSP budget, procurement and management of all contracts throughout the life of the partnership.

To be considered for this role you will have a proven history of high-level leadership skills including experience of successfully leading an integrated program across health services or like public sector organisations. Past success with large-scale projects, service development projects or other large transformational projects is required. Tertiary degree and/or professional qualification in management, program/project management, health management related fields is required.

Full details of this exceptional executive opportunity are available on our web site:
