

Chief Executive Officer

Heathcote Health

Heathcote Health is seeking an inspiring and experienced Chief Executive Officer to lead our dedicated rural health service into its next chapter of innovation and growth. This is a unique opportunity for a dynamic executive to champion integrated, community-focused healthcare in the heart of regional Victoria.

Reporting to the Board of Directors, the CEO will be responsible for shaping and executing the strategic direction of Heathcote Health across acute, aged, community and primary care services. You will foster excellence in clinical care, lead operational performance, ensure sound financial stewardship, and build strong relationships with government, partners and our local community.

Our vision is clear: to improve the health and wellbeing of our community through excellent healthcare and innovation. As CEO, you will bring this to life—strengthening services, promoting preventative health strategies, driving innovation, and empowering our people and partners to achieve lasting impact.

To be successful, you will bring:

- Proven senior leadership experience in public health, preferably in a rural or regional context.
- Strong financial and operational management skills.
- A collaborative, values-driven leadership style.
- A passion for community health and wellbeing.
- Relevant tertiary qualifications (post-graduate preferred) in health, management or related disciplines.

This is more than a leadership role—it's a chance to shape the future of rural healthcare in Victoria. An attractive remuneration package will be negotiated with the successful applicant including access to generous salary packaging arrangements.
